# Sold production of industry in January 2026<sup>1</sup>

↓ 1.5%

Decrease in sold production of industry compared to January 2025

In January 2026, sold production of industry was by 1.5% lower than in January 2025 (when a decrease was recorded by 0.9%), whereas in comparison with December 2025, it decreased by 6.0%.

After eliminating the seasonal factors, in January 2026 sold production of industry reached the level higher by 0.4% than in the corresponding month of 2025 and by 2.4% lower than in December 2025.

After seasonal adjustment, sold production of industry in January 2026 increased by 0.4% per year

**Chart 1. Sold production of industry (constant prices; monthly average of 2021=100)**

In January 2026, among the main industrial groupings there was a decrease per year in the production of intermediate goods and durable consumer goods – by 7.7% each, as well as in non-durable consumer goods – by 3.0%. An increase was observed in the production of capital goods – by 5.9% and energy – by 3.3%.

The highest y/y decrease was recorded in the production of intermediate goods and durable consumer goods, while an increase – in the production of capital goods

<sup>1</sup> Preliminary data; comprise enterprises with 10 or more persons employed.

a Data including final information on production and prices in December and preliminary data in January.

\* Data revised.

**Chart 2. Sold production of industry (constant prices; corresponding month of previous year=100)**

According to the preliminary data, in January 2026 a decrease in sold production (in constant prices), compared to January 2025, was reported in 21 (out of 34) industry divisions, among others in manufacture of other non-metallic mineral products – by 17.0%, manufacture of basic metals – by 14.4%, manufacture of chemicals and chemical products – by 10.5%, manufacture of products of wood, cork, straw and wicker – by 7.6%, manufacture of metal products and manufacture of furniture – by 6.6% each, manufacture of rubber and plastic products – by 6.2%.

The share in total industry of sold production of divisions which recorded a decrease per year, amounted to 64.1%

An increase in sold production of industry, compared to January 2025, was recorded in 13 divisions, among others in manufacture of other transport equipment – by 24.6%, in electricity, gas, steam and air conditioning supply – by 18.7%, in repair and installation of machinery and equipment – by 14.3%, in manufacture of machinery and equipment – by 12.6%, manufacture of computer, electronic and optical products – by 5.2%.

**Chart 3. Sold production of industry by selected NACE Rev. 2 divisions  
(constant prices; corresponding month of previous year=100; unadjusted data)**

**Chart 4. Sold production of industry (constant prices; previous month=100)**

In January 2026, a decrease in sold production (in constant prices), compared to December 2025, was recorded in 22 (out of 34) industry divisions, among others in repair and installation of machinery and equipment – by 39.6%, in manufacture of other transport equipment – by 31.9%, manufacture of machinery and equipment – by 22.1%, manufacture of other non-metallic mineral products – by 21.1%, in waste collection, treatment and disposal activities; materials recovery – by 17.6%, in manufacture of metal products – by 15.2%.

An increase in sold production of industry, compared to December 2025, was recorded in 12 divisions, among others in manufacture of basic metals – by 21.2%, in electricity, gas, steam and air conditioning supply – by 16.8%, in manufacture of paper and paper products – by 10.8%, manufacture of products of wood, cork, straw and wicker – by 10.2%, manufacture of rubber and plastic products – by 10.0%, manufacture of chemicals and chemical products – by 8.9%.

The share in total industry of sold production of divisions which recorded a decrease compared to December 2025 amounted to 57.0%

#### Methodological note

Data presented in this news release concern entities with 10 or more persons employed, conducting economic activity classified according to the Polish Classification of Activities (PKD 2007/NACE Rev. 2) to Industry, i.e. to the following sections: ‘Mining and quarrying’, ‘Manufacturing’, ‘Electricity, gas, steam and air conditioning supply’, ‘Water supply; sewerage, waste management and remediation activities’.

Statistical unit, according to which the presented data are compiled, is a legal unit. Methodology of compiling data on sold production of industry is presented in the methodological report [Industrial production surveys](#).

In addition, for the needs of European statistics, data on industrial production are also compiled according to the kind-of-activity unit (KAU). The concept of the kind-of-activity unit is presented in the methodological report [Short-term statistics by European concept of the Kind-of-activity unit](#).

In case of quoting Statistics Poland data, please provide information: “Source of data: Statistics Poland”, and in case of publishing calculations made on data published by Statistics Poland, please include the following disclaimer: “Own study based on figures from Statistics Poland”.
