In 2025, the rate of detectability of delinquents in Warszawa accounted for

↑ 2.2 pp

of which by type of crime

Note: The data concerns crimes ascertained by the Police during completed preparatory proceedings; they do not include criminal offenses committed by minors. As of 1 January 2025, the data are incomparable to data for previous years due to the new legal classification groups in force. This is due, among other things, to the updating of many articles with new details and the shifting of classifications between crime groups, as well as the creation of the new "cybercrime" group. The exception is the "total" item, which includes all criminal provisions
